

Collective Worship Planning & Guidance - HARVEST

*All things come from you, and of your own do we give
you*

A Christian perspective on Harvest

Harvest is celebrated to give thanks for the crops, which have been safely harvested. Christians thank God for the food during harvest. Christians believe God made the world and everything in it. Christians also thank God for the variety of food and everything that helps the food to grow.

How do we mark Harvest as a school community?

We learn to be thankful for all that we have, recognising that others are not as fortunate as us. We think about how we can help those who do not have enough to eat both locally and globally.

Questions to consider as a school community

Who do we thank God for providing us with the food we eat?

Are there people who do not have enough food.

In our community?

Locally?

The country?

Around the world?

How do we show that we are grateful for the food we have?

What can we do to help those who do not have enough?
